CONSUMER INFORMATION SHEET

The New Jersey Department of Environmental Protection ("NJDEP") Pesticide Control Regulations require us to provide you with the information contained in this notice regarding pesticide use on the Subject Property. No application shall be made until the customer or resident has had an opportunity to review this information. The table below Advance Service Sheet lists the mandatory pesticide label instructions and precautions that could affect you for the pesticide(s) we will use on the proposed date of application. No application shall begin unless all pre-application instructions and precautions have been followed. If any of the information in the table below should change, we will issue to you a new Consumer Information Notice reflecting that change.

You are entitled by the New Jersey Pesticide Control Regulations to request and receive from us the specific label for each pesticide that will be used on your property. Furthermore, if this is a contract for termite control (using pesticide other than termite baiting systems) we are required to give you a summarization of the regulations regarding proper application of termiticides (N.J.A.C. 7:30-10.4).

We are also required to provide the following phone numbers for your use in the event that you have any questions concerning the materials that we will be using:

- National Pesticide Information Center** (General Health & Pesticide Toxicology Information) **(800) 858-7378**
- New Jersey Poison Information & Education Systems** (Emergency Situations) **(800) 222-1222**
- NJDEP Pesticide Control Program** (This number is for pesticide regulation information, complaints & health referrals) **(609) 984-6507**

Sanitation, as well as physical and biological measures, should be considered as part of a good pest control program. Pesticides may be used as another good pest control program. Pesticides are substances used to control living organisms and vary in degree of toxicity.

As a customer, I acknowledge that Clever Pest Solutions has provided me, in writing, all of the information that is required by the NJDEP Pesticide Control Program's notification program. I have read the information supplied and understand my rights and responsibilities under this program. I have been told that I have the right to receive consumer information as outlined in N.J.A.C. 7:30-9.12.©4. I decline to receive the information until such time as I withdraw this waiver by notifying the applicator or applicator business in writing.
