Payment Received by: _____

Parts	
Labor	
Total	
Tax	
SubTotal	

PLEASE READ: _____ (Initial) I know parts can be broken or defective and not show visually until work is started. If this situation happens, I will not hold said company responsible and expect compensation. Unless an extra work order is signed by me. I have the option to shop pricing by another contractor to do repairs. The only obligation Your Company Name would have is to finish tune up after repairs subject to re-scheduling. I have read and understand these conditions and authorize work and I am responsible for payment.
